

PROJECT NAME:	INDUSTRY-SPECIFIC INTELLIGENT FIRE MANAGEMENT SYSYTEM
TEAM ID:	PNT2022TMID28844

CREATE JIRA SOFTWARE:

The screenshot displays the Jira Software interface for a project named "INDUSTRY-SPECIFIC FIRE MANAGEMENT SYSTEM". The main view is the "Roadmap" tab, which shows a timeline from November 3rd to 18th. The roadmap is organized into four sprints:

- ISFMS-1 SPRINT 1: A single-day sprint on November 4th.
- ISFMS-2 SPRINT 2: A multi-day sprint from November 5th to 9th.
- ISFMS-3 SPRINT 3: A multi-day sprint from November 10th to 13th.
- ISFMS-4 SPRINT 4: A multi-day sprint from November 14th to 17th.

Below the sprint list, there is a "Create Epic" button. The interface includes a left sidebar with navigation options like "Roadmap", "Backlog", "Board", and "Code". A right sidebar shows a "Quickstart" guide with steps such as "Create a project", "Map out your project goals", "Identify small chunks of work", and "Monitor and manage risk". The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 17:45 on 18-11-2022.

RESULT:

Thus the JIRA SOFTWARE was successfully completed.
